

We Show Up

We Bring It

We Do It Right

The Fitz Flats Apartments

Located in Downtown St. Paul, The Fitz Flats Apartments allow residents to experience the historic charm of the downtown area, while still enjoying all St. Paul has to offer.

THE CHALLENGE

The recently restored historic building required new glass for the exterior of the building. The challenge was to incorporate modern craftsmanship into the design without detracting from the building's historic significance. Additionally, the owner wanted to provide a new fitness room for building residents.

OUR SOLUTION

Brin Glass Service was able to supply the necessary exterior glass to the owner of the Fitz Flats, which his contractor later installed. Brin also provided and installed the mirrors in the fitness room on the lower level.

RESULTS ACCOMPLISHED

The Fitz Flats was able to maintain its historic character with a new, luxurious and modern feel. The exterior glass meets the practical needs of the building while still achieving the historic look the owner desired. The mirrors in the fitness center provide a sleek and modern aesthetic for the residents to enjoy.

Why was Brin Glass best suited for the work?

Brin Glass Service was best suited for the work because they were able to order the glass quickly, which allowed the contractor to finish the installation within the owner's timeframe. The team at Brin Glass Service had the skills to provide and install the mirrors quickly and efficiently.
